

Parents and other community members contribute ideas to be discussed at local meetings.

1

Parents and Community Groups

2

Local meetings in each ward

Local meetings pass on promising ideas.

Parents and carers involved at each stage

3

4 development groups  
 (Social and Emotional Development, Communications and Language, Diet and Nutrition, Change Communities)

Develop projects to test suggestions in practice.

4

Partnership Board  
 (monitors progress of development groups, controls the budget)

Projects are measured to make sure they are having the right effect.

5

Health and Wellbeing Board

Looks at implications for system change.
